

# What are Europe's 5G Corridors ?

# 5GMED

EU countries & industry cooperate to prepare large-scale **deployment of 5G corridors** for **Connected & Automated Mobility on European transport paths**

- Testing and pre-deployment
- Indicative 5G corridors for CEF funding
- Horizon 2020 5G cross-border corridor trial projects

## **5G-enabled Connected & Automated Mobility**

**(CAM) is a major enabler for improved road safety, optimised road traffic, reduced CO<sub>2</sub> emissions & industrial competitiveness**

**5G cross-border corridors in EU will  
contribute to create a **green & digital**  
EU economy & society**

**Discover how 5GMED  
contributes to the deployment  
of 5G cross-border corridors**
